SCHOOL OF LAW

Fabulous Las Vegas

Welcome to Las Vegas, a sparkling oasis nestled in the beautiful Mojave Desert. Your life isn't just law school, and our law school isn't just anywhere. Here you will find world-class entertainment, dining, shopping, and nightlife. Our law students enjoy the best of both worlds: a complete campus experience with quick access to the courts and downtown area.

Join us in one of the world's most fascinating cities.

A Bright Light

A little over a decade ago, a new law school in Las Vegas turned on the lights for the first time and ignited something powerful. In record time, the William S. Boyd School of Law received ABA accreditation and became a nationally esteemed law school, winning scores of accolades.

But the school's proudest achievements are those of its students, who win top awards in competitions, secure judicial clerkships, land jobs at prestigious law firms, and enter the workforce prepared to serve their clients and communities.

Like the greater community of Las Vegas, this success is born from daring vision, hard work, and rapid innovation. The law school has achieved much in its history and offers endless opportunities for the future. Come to Boyd and experience these opportunities for yourself. We invite you to add your bright light to ours.

“Boyd has everything a great law school needs: nationally recognized faculty, accomplished alumni, and terrific students who take advantage of all the opportunities this dynamic city and region have to offer. At Boyd, we work together to train excellent lawyers who go on to successful and fulfilling careers. We are proud of what we have built here, and we look forward to hearing from you.”

Broad Choices • In your final two years of study, you will have the freedom to pursue wide-ranging interests. You might enjoy taking an elective in environmental, international, immigration, real estate, or gaming law.

A Meaningful Network

Regular and meaningful interactions are key to your success in the classroom and in the professional world. We are committed to building and nurturing those relationships.

Faculty • In your day-to-day coursework, you will meet often with your professors. They are widely respected scholars, opinion leaders, and practitioners. Above all, they are dedicated teachers. They will help you grasp new concepts, look at old concepts in new ways, and apply your knowledge to real-world situations.

Students • From friendships to study groups and student organizations, your peers are a crucial part of your education. At Boyd you will find a diverse group of students from all walks of life. This diversity will stretch you in new ways as you learn from one another. We know you also will find common interests, and we encourage you to participate in one of our many student organizations.

Professionals • The value of your Boyd education extends well beyond the campus and into a dynamic legal community. These lawyers, judges, and business professionals not only support the law school—many of them helped create it. They believe in the quality of our training and continue to open doors for our students and alumni.

“Our goal is to provide our students with an outstanding foundation of legal knowledge and practical skills that will carry over to a variety of settings, including the private law firm, government agency, and nonprofit settings, and to a range of practice areas, including civil law, criminal law, and administrative law.”

Learning by Doing

At Boyd, we strongly believe in integrating traditional and experiential learning. Your legal education here will be a blend of the abstract and the practical, of the creative and the applied.

Service From the Start • A unique aspect of your Boyd education is an early focus on service learning. As a first-year student, you will participate in a community service program, directing informational workshops and providing legal information to those in need.

Roll Up Your Sleeves • From law journal, to clinics, to moot court competitions, Boyd offers many opportunities for gaining practical experience. We encourage you to extend these opportunities beyond campus with an externship in the courts, legislature, or a governmental agency.

More than 80 acres of desert landscaping provide a campus oasis that has been declared a state arboretum. Boyd students also enjoy a rich intellectual community, with campus-wide activities and collaboration between schools and departments.
