

THE WORLD'S ONLY GAMING LAW DEGREE

IS NOW EVEN MORE ACCESSIBLE!

I am a managing partner at a law firm in Macau. I have been following the program for a long time, but wasn't in a position to leave my firm for a year. When the program went online during the pandemic, I took the opportunity to enroll. The remote experience was difficult because of the time difference, but I learned from the best in the field and had great classmates. The program was a great way to increase my skills and knowledge. With the learning of the program I have been able to enhance the quality and perception of clients' needs. I am a true advocate of the program and recommend it to all that want to specialize in the industry.

Announcing the new **Hybrid Track** for the **LL.M. in Gaming Law and Regulation**

The Hybrid Track of the LLM program is designed for professionals working in the gaming law field. The hybrid program will give students access to the same LLM gaming coursework as our in-person program, but will allow students to zoom into the live courses. Applicants must hold a JD or international equivalent law degree to be eligible to apply.

Many of the gaming courses are held 7:30 am - 10:30 am PT, and participants will need to be available to virtually attend the live sessions.

Courses Include:

- Resort Hotel Casino Law
- U.S. Federal Gaming Law
- Comparative Gaming Law
- Technology, Innovation and Gaming
- Gaming Technology Providers- Law and Policy
- Indian Gaming Law
- Gaming Law Policy Seminar
- Sports Betting and Fantasy Sports, and more.
